Services

RELATIONSHIP

A registered nurse and doctor are assigned to your group and will be the employee resource for all health and benefits issues.

RESPONSIVE

We reply within minutes to members' requests, usually less than 15 minutes. Call, text, video.

ONSITE ONBOARDING

ModRN Health nurses come onsite for onboarding, education, and biometric screenings. This gives employees an opportunity to meet their clinician and develop rapport.

POP-UP CLINICS

ModRN Health can provide periodic pop-up clinics to accommodate your groups' seasonal healthcare needs. Preschedule wellness visits, chronic disease management, or vaccinations.

SPECIALISTS

Your nurse and doctor will help you find highly recommended specialists and facilities.

PROACTIVE CARE

Your assigned nurse follows up with your employees, provides ongoing coaching, advocacy, and benefit navigation.

CONSUMERISM

Your assigned nurse knows your plan inside and out, and can help shop facilities, medicine, imaging, and labs for the best prices and outcomes.

REPORTING

Quarterly utilization and cost savings metrics provided. Reports are used to track ROI over time.
